

What's New on McGregor III

Fall 2023, St. Thomas, USVI Volume 1, Issue 24

LAUNCHING A NEW ADVENTURE

As mentioned last year, we have been involved in the construction of a new Sunreef 80' Power Catamaran!

BLESSED

The build process is going great and we are currently in Poland, supervising the final stages. We hope to have MV "BLESSED" in the water by November and arriving in Florida by the end of December. From there, we will get her outfitted and plan to be chartering in the Virgin Islands by March or April. Because of our commitment to this project, and our current time line, McGregor III will not be available for charter during the 2023-24 season. Many of you have been sharing with us that your families are growing and we needed a bigger boat!!! Well, we listened, and we hope that you will be joining us on this stunning new yacht.

FOR THE LAST 23 YEARS, our charter business has been more than just a venture; it has been a labor of love and a way to share our passion for the sea with all of you. The joy of seeing our guests revel in the beauty of the ocean, the sunsets, and the camaraderie onboard has brought immense fulfillment to us. Our decision to move on to a new boat has not been made lightly. We believe that this shift will allow us to offer new experiences, enhanced comfort, and a renewed sense of adventure.

BLESSED will have modern amenities, state of the art technology, and carefully designed spaces. We are confident that your time onboard will be nothing short of extraordinary! We would like to express our deepest gratitude to each and every one of you who has supported our charter business throughout the years. Your trust, your smiles, and your shared enthusiasm have been the driving force behind our success. We could not have come this far without all of you, and we look forward to welcoming you aboard BLESSED as we continue to make more memories!

STAY TUNED for updates on the new boat's progress and schedule. Thank you for being part of our charter family. Here's to endings that mark new beginnings, and to the waves of change that guide us toward exciting horizons,

Captain Tim Miller & Chef Julie Brown
